

Commercial Award

A competitive award presented to a Mobility Equipment Dealer or Corporate member who has demonstrated outstanding contributions in the field of driver rehabilitation and/or vehicle modifications.

STEREO OPTICAL

"In the late 1990s Stereo Optical developed a vision testing system with test slides specifically designed for driver testing. For the last 25 years, it has continued to develop portable testing machines and tools to support the vision screening done within the field of driver rehabilitation."

ADED

The Association for Driver
Rehabilitation Specialists
